

JOINT APPRENTICESHIP TRAINING COMMITTEE

IBEW Local 625

TRAVEL POLICY

This policy applies to any courses taken for either the Joint Apprenticeship Training Committee or the Work Ready Safety Training Program. A travel allowance will be paid if the normal route travelled from a member's permanent regular place of residence is more than fifty (50) kilometres from the Electrical Workers Campus at 24 Beechville Park Drive or from any remote training facility used to deliver a course. The chart below shows the total allowance amount based on the distance travelled. It is based on the published Automobile allowance rates as per the Canada Revenue Agency; the rate for 2026 is \$0.73 per kilometre. Any member travelling more than one hundred (100) kilometres will receive a flat rate of \$165.00. Carpooling is encouraged; only the driver receives the travel allowance.
